

# West Brake Lathe

## Special Promotion

We wish to thank all our current customers for your support and patronage over the last 50 years.

In order to celebrate our 56th year, we are offering huge discounts to new customers on all our Brake Lathe models. Please call us with your inquiries.

We are also looking for new distributors for our Brake Lathes worldwide (countries where we currently do not sell our product). If you are not happy or satisfied with your current Brake Lathe manufacturer/supplier, then call us with your requirements and we can discuss.

Give us a chance and you will be glad, you did.
